Real quick, you're getting this because you asked to be on the Priority Notification list for when we launch Smart Calling Online.

Well, I've been working like a madman, and we're opening it up to the public on Friday.

But... because you are one of the just 219 people who asked to be notified early, we are letting you in a day early:

Tomorrow, Thursday, March 29.

That's not a big deal by itself. Except it's going to save you 50 bucks off what everyone else will invest starting Friday.

And that will be a crazy low price that will only be available until next Tuesday.

Oh, there will another special fast-action bonus
for the 10 people to take advantage
of this offer Thursday:

I will send you a personalized and signed copy of my book, ***Smart Calling***.

(Or if you'd rather I don't personalize it, it'll be easier to sell on ebay. Ha!)

(Fine print: that's for US addresses. I'll still send it anywhere, I'll just ask you pay the international postage.)

OK, watch your inbox closely for an email from me at **2pm Eastern, 11 Pacific** on Thursday with all of the details and your purchase link.

This is going to be fun,

A handwritten signature in black ink that reads "Aut". The letters are cursive and stylized, with a large 'A' and a long tail on the 't'.
